DCTB DEVELOPMENT PLANS

Dickinson County Trails Board holds a planning meeting every year to determine the board's goals in development and maintenance projects. We continue to focus on the rail trail that now has a name, Tatonka Ska Trace, which means white buffalo in the Lakota Sioux language. We have applied to the State Recreational Trails Program for funding of a 1.8-mile segment from Peoria Avenue west to Lundberg Drive. We already have a TAP grant of \$184,000 for this project and we will also apply to REAP for additional funding of the segment.

Jemmerson Slough along Tatonka Ska Trace

The Jones Pasture Trail is also a high priority for the board and we have again applied to the State Recreational Trails Program to fund this project as well. The trail will start at 125th Avenue on the east side of Big Spirit Lake and travel north through the Jones Pasture development up to Angler's Bay Wildlife Management Area where a future trail is planned. While there is only \$1,000,000 available this year, we hope one of our projects will receive funding.

DCTB also has a number of other priority projects that we are studying feasibility and funding options for, as always, our mission is to continue making connections throughout the entire Iowa Great Lakes area.
